This dreamy Napili Cottage floats above the three lower homes in this CPR™D property, and features views from the lanais, and living room, which encompass the channel, with the friendly Isle Molokai as a backdrop. Single level living, is enhanced by an open floor plan in the kitchen and great room. You are able to build up, in case you have an extended family, or prefer more views, and space. The seller has put so much love into this magnificent slice of paradise. The home features awesome gardens, a viewing deck, a free-standing office, fenced in yard, for your pets, and great neighbors!! The main bedroom has a half bath, but also features a door directly to your outdoor shower. The home was renovated completely in 2020. The kitchen has served the seller well, as he had a café in Lahaina, for which he baked many of his delicacies. Also enhancing the values are the leased Photo Voltaic panels, with a back up Tesla Battery. The lease is about \$180.00 per month, and the electric bill has been about \$20.00 per month. It generates power for everything in the home. Water/sewer are about \$100/mo for house. Gardener takes care of the plantings for about \$200/mo (and a few papayas and bananas). HOA is \$5/mo, and you're expected to self-manage. Internet is inexpensive and fast. Also the house has available backup Starlink because #islandlife. There is a solid state outdoor weather station, too Two sprinkler systems: the drip system is on a Rainbird rain-sensing controller and

reaches most plantings. It also controls some broadcast sprinklers. Drainage has been installed, so all rain water is diverted towards the driveway, on those wonderful Napili Kili Nahe days!! You simply must see this wonderful location, and family home. The 3 parcels next to the home are currently under construction. The view should not be compromised once they are completed. There is only so much of Napili at this price, with great views, and wonderful location!!
